

HOW TO GET TO OUR BARCELONA SITE BY CAR:

The HP Barcelona Site is at the lateral lane of the AP-7 (B30) highway, in the Industrial Park “Can Graells” in Sant Cugat del Valles. Address: Camí (or Cinturó) Can Graells, 1-21. **+41° 29' 32.56”, +2° 3' 56.47”**

A. By the “Vallvidrera Tunnels” (E9 - TOLL): Exit at Girona/França sign (AP7). Drive on lateral lane of the AP-7 following sign ASEPEYO/Bellaterra/Sant Cugat C. At the roundabout, take third exit (ASEPEYO) and cross the highway bridge towards Camí Can Graells. You will see another roundabout, take third exit. You can find the instructions in the map below.

B. Take the highway AP-2/AP-7 direction Lleida/Tarragona. After 20 kilometers, take the exit to Girona / França (AP-7 highway). After about 4 kilometers take another exit on the side of the AP7: the B-30. Go in the direction of Rubí and Sant Cugat. Take exit ASEPEYO/Bellaterra/Sant Cugat C.. At the roundabout, take third exit (ASEPEYO) and cross the highway bridge towards Camí Can Graells. You will see another roundabout, take third exit. You can find the instructions in the map below.

BY TRAIN FROM BARCELONA:

Railways from Generalitat de Catalunya.

Take the S2 train (towards Sabadell) or the S55 (towards Universitat Autònoma) from FGC (Railways from Generalitat de Catalunya), and get off at “Sant Joan” station. Once you are there, take the Sant Joan bus which passes every 10 minutes. Drop off at the HP Site. For more information about prices and schedules go to www.fgc.net

FROM THE BARCELONA AIRPORT:

1. Take the AP-2 highway towards LLeida/Tarragona. When you see the sign França/Girona, take the AP-7 highway.
2. After about 4 kilometers take another exit on the side of the AP7: the B-30. Go in the direction of Rubí and Sant Cugat.
3. Take exit ASEPEYO/Bellaterra/Sant Cugat C.. At the roundabout, take third exit (ASEPEYO) and cross the highway bridge towards Camí Can Graells.
4. You will see another roundabout, take third exit (You can find the instructions in the map on the left).
